DEAR RUG HOOKER

Thank you for inquiring about the F&M Windsor Rug Frame.

These frames were designed by the teachers and students at the Rug Studio of

Maureen Rugar in LaGrangeville, NY.

The Small Frame is everyone's favorite - just the right size for a small design, but also able to handle a larger hooked piece.

If you enjoy hooking large designs than the Large Frame is for you. It can easily hold the weight of a 5' x 7' rug.

All of our frames fold flat and are light enough to transport to classes, rug camps or meetings.
